ASSOCIATION OF OIL, GAS AND RENEWABLE ENERGY COMPANIES OF LATIN AMERICA AND THE CARIBBEAN

MAY 2024
We are driving the transformation of the O&G sector, to enable energy transitions in our region.

VISION
To be a regional reference in strengthening the industry as a provider of sustainable energy that contributes to the energy transition.

MISSION
To promote the integration, operational excellence and sustainable development of the oil, gas and renewable energy industry in the region, through cooperation among members and collaboration with its main stakeholders.
STRATEGIC VECTORS

1965 State-owned oil and gas companies
1998 Regional oil and gas operating companies
2010 Oil, gas and biofuels sector companies
2022 Oil, gas and renewable energy

30 Operating and Service provider member companies - Public and Private

Operating in more than 30 Countries in Latin America and the Caribbean
How we work
10 Technical Committees
Value Proposition

1. We provide a forum for the exchange of knowledge and experiences on operational and management issues among our member companies. We offer assistance to our partners to solve specific problems through various means, in addition to developing a comprehensive training program tailored to their needs.

2. We have direct relationships with governments in the Region and are recognized as the only organization for the development of the oil and gas industry in Latin America and the Caribbean. Over the years, we have established a solid collaboration scheme with Hydrocarbon Agencies and with OLADE.
3. We are the only regional link between international and national business associations. Furthermore, we coordinate a collaborative international network of specialized professional and industry associations.

4. We drive and support our partners' initiatives in adapting to the new business scenario related to energy transitions.
1. Forum for the exchange of knowledge

Web library Free-access for our members
More than 300 documents.
Guidelines and manuals on best practices, studies and white papers.

Tool to evaluate oil spills response programs (RETOS™)
Training courses and implementation
Implementation of best practices in member companies.
